THE LAST OUTPOST

The Story So Far...

The remote asteroid colony MO-V is under attack from the OZ force known as "Prize." Cut off from the rest of the solar system, the people of MO-V must defend themselves. Their only hope rests in two pilots, the Bernell brothers Odin and Odel. Using the MO-V developed Gundam G-Units, modular Mobile Suits with incredible powers, they might have stood a chance.

But in the last attack, things went wrong...very wrong. Odel, the older and better pilot, was shot down by Prize and is presumed dead. To make matters worse, MO-V's top scientist, the brilliant Dr. Berg, has been spying for Prize and defected to their ship. With all hope lost, the people of MO-V prepare their last defense...

Odin Bernell

The younger Bernell brother, Odin is frustrated at living in the shadow of his brother. Impulsive and brash, Odin hasn't been able to master the self-control needed to take full advantage of the new G-Unit and its PX system, but he's still an ace pilot.

Odel Bernell

The older of the Bernell brothers, Odel is the top MS pilot at MO-V. He is distrustful of the OZ delegates who come to his home.

Lucille Aisley

Lucille is the lead programmer at MO-V, whose computer skills are invaluable in the development of the new G-Units. She's also Odin's girlfriend, although it's hard to tell that, as they are always bickering.

Dr. Berg

The inventor of the G-Units, Dr. Berg is a brilliant scientist. He seems more interested in protecting his work than the people of MO-V.

Dick Hidasaki

Chief Mechanic on MO-V, Dick can usually be found in the hanger with Lucille working on the G-Units.

Roga Herman

The elected official of MO-V, Roga is a humble leader who relies, perhaps too much, on the advice of his communications officer Tricia Farrell. The current assault has left him understandably stressed.

Roche Nattono

Leader of the elite OZ group Prize, Roche is arrogant, cruel, and an ace MS pilot. His assistant, Aretha, is enamored with him, but he is blind to her affections.

BUT HE
LEFT THE

YOU WOULD
EXPECT
SOMEONE

WHAT?! WITH
THOSE IMPROVE-
MENTS, WE JUST
MIGHT STAND A
CHANCE AGAINST
THEIR MS. LET'S

WHAT?!

With the outlook of the defense efforts looking grim, representative Roga Herman, at the council's behest, made a request to their oppressors.

OZ Prize's blockade has completely isolated MO-V from the other colonies and the citizens' fear has reached its limit.

HOWEVER, WE BELIEVE THE ATTACK AGAINST CIVILIANS IS AGAINST YOUR CODE OF HONOR AS STARDUST KNIGHTS!

YOUR MILITARY ACTION AGAINST MO-V IS NOT TO BE TOLERATED AND WE WILL DEFEND OUR SOVEREIGNTY 'TIL THE END.

ROCHE, YOU FOOL. THE TIMES ARE CHANGING.

VERY WELL. PERMISSION GRANTED!

HM... YOU'RE GIVING US NO CHOICE TO SAY NO.

THUS WE REQUEST THEIR PROTECTION AND EVACUATION!

EVERONE
WILL BE
ESCORTED
TO
SAFETY!

PLEASE
CALM
DOWN!

HOW DO
WE KNOW
THEY'LL
KEEP
THEIR
WORD,
SIR?

THEY
MAY
ATTACK.

GOOD.
I JUST
HOPE THIS
WORKS.

#6 Dark General of Destruction

I AGREE.
IF ODEL IS
ALIVE SOMEHOW,
HE'D DEFINITELY
LOOK OUT FOR
THE CIVILIANS.

IT'S A

BUT IT'LL
BE THE
SAME IF
THEY
STAY.

I REPEAT.

BUT
THEY GAVE
US THEIR

THAT'S

A black and white manga-style illustration of a Gundam mobile suit, specifically the L.O. Booster, in a dynamic pose. The suit is shown from a low angle, emphasizing its height and power. It has a complex design with many sharp angles and protrusions. The background is filled with diagonal hatching lines, suggesting speed and movement. In the upper right corner, there is a speech bubble containing the text "GUNDAM L.O. BOOSTER, GO!". The overall style is energetic and dramatic.

It can fly three times faster than other mobile suits!

Behold the MS-06s, custom Zaku II of the great Char Aznable! Fear its red paintjob, the pilot's trademark color! Bow before its communications antenna, unique among Zaukus!

It can beat video games three times as fast without using cheat codes, yeah!

It can eat three times as much curry in one sitting without throwing up!

Aww, dude! I'm gonna need three cans of air freshener!

And when it gets triple-strength indigestion, it \$%&*s three time as much.

FOUR-PANEL MADNESS -GUNDAM PARADISE- -First Paradise-

Mobile Suit Gundam is...

...The first gundam series that originally aired back in 1979! In Universal Century 0079 a faction of colonists broke away from the Earth Federation to form the Principality of Zeon. This Federation fought the separatists, but Zeon scientists had created a new weapon which gave them a major edge in battle: the Mobile Suit! To counter this threat, the Federation creates a new weapon of their own, the Gundam. Before the Gundam can be properly tested, the ship which housed it, Side 7, is attacked, and a young man named Amuro Ray must pilot the MS to protect his home and stop Zeon's Forces.

Alright, men! We're low on resources, so we have to draw lots to see who gets which MS.

It's a dark time for the citizens of colony MO-V. Their lead engineer turned out to be a spy, the new Gundam prototype was stolen, and ace pilot Odel Burnett, once thought dead, now fights for the enemy under the name Silver Crown. Things couldn't possibly be any worse...at least that's what the people of MO-V hoped. The only reason that MO-V has survived this long is because its attacker, the secret organization OZ Prize, has been using MO-V as a playground. This changes when OZ specials officer Valder Farkill commandeers the mission. No more games. Not even Odel Burnett and the G-Unit can stand against the Dark Angel of Destruction.
